ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Octal Sockets

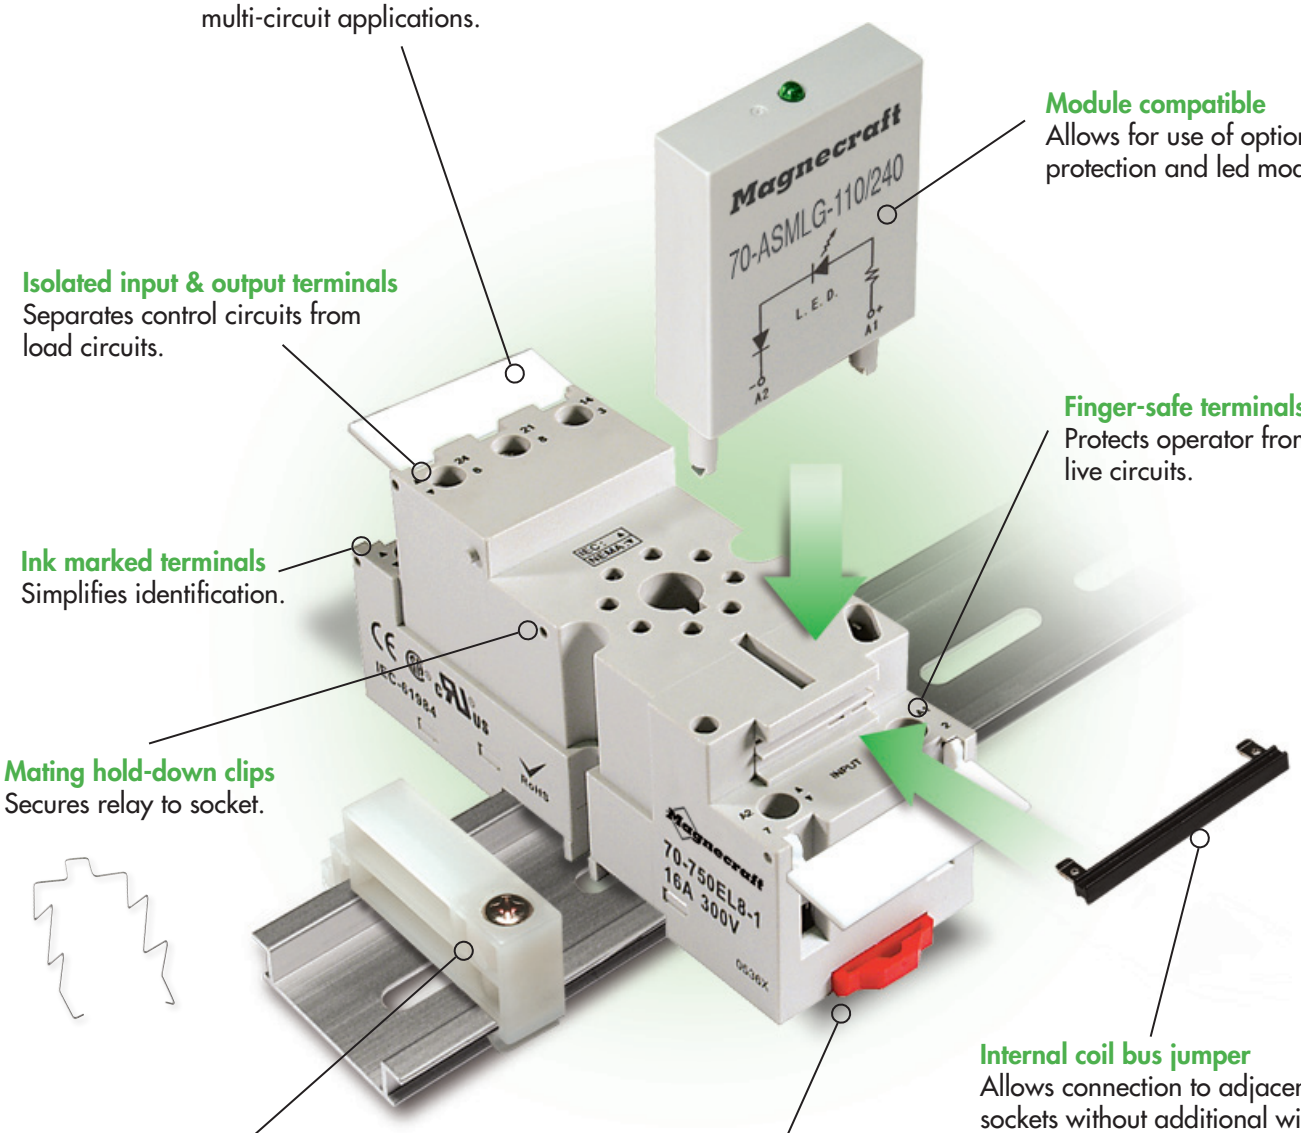

Flip-up I.D. tag/Write-on plastic label
Allows for identification of circuits in multi-circuit applications.

Module compatible
Allows for use of optional protection and led modules.

Isolated input & output terminals
Separates control circuits from load circuits.

Finger-safe terminals
Protects operator from live circuits.

Ink marked terminals
Simplifies identification.

Mating hold-down clips
Secures relay to socket.

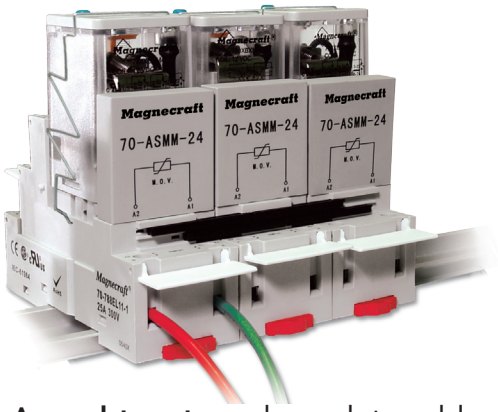

Internal coil bus jumper
Allows connection to adjacent sockets without additional wiring.

Din rail and end clip
Enables quick installation of sockets, holds them firmly in place and allows for easy removal.

Flexible mounting
Mounts to panel or fit to 35 mm din rail.

Octal sockets offer a one-stop solution for your relay system.

SOLUTIONS

A complete system: relay, socket, module, hold-down clip, bus jumper and ID tag.

File No. E70550

Sockets are UL Listed when used with Magnecraft relays.

Octal Sockets

FEATURE	ADVANTAGE	BENEFIT
Finger-safe terminals	Prevents operator from touching live circuits	Increases safety in work environment
Isolation of input and output circuits	Prevents interference between separate circuits	Reduces possibility of internal failure, organizes wire routing, and eliminates circuit errors
Flexible mounting	Mounts directly onto DIN rail or panel	Provides flexibility to accommodate last minute design changes
Optional accessories	Increases functionality and ease of use	Easily customizes relay systems to fit specification
