SCR & Triac Accessory For Any Z Meter

Tests SCRs and triacs with dynamic, reliable tests. The SCR250 is completely isolated and dynamically tests components at their full working voltage (up to 1000 volts). The controlled internal battery supply tests sensitive gate SCRs while guaranteeing turn-on of the most demanding high current industrial SCRs and triacs. The SCR250 is easy to set up and you don't need any specifications. Just select the test, push a button, and test. You'll never again have to guess whether or not an SCR or triac is good.

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
