ZK2 Vacuum Unit, Vacuum Generator, Vacuum Pump System

The ZK2 series is an energy-saving generator with 90% reduced air consumption. It has a 50% increase in suction flow compared to other single stage SMC generators. With its compact size and light weight, it is easier to maintain. The ZK2 also has various mounting options to choose from.

- Fluid: air, inert gas
- Energy-saving generator
- Compact and lightweight
- Mounting Option: single unit bracket mounting, single unit DIN rail mounting, manifold DIN rail mounting
- Easy maintenance
