Composite and S-Video to VGA Video Converter for Computer Monitors

Product ID: COMP2VGA

This Composite and S-Video to VGA Video Converter lets you play console video games on your computer monitor! With StarTech.com's for Computer Monitors Video Game Jockey, there’s no more waiting to use the TV. Simply connect your Xbox, Playstation 2, GAMECUBE, Dreamcast, or other game console to the Video Game Jockey, then plug into your computer monitor, and it’s game on!

An economical solution that saves the expense of a separate TV and frees up your workspace, the Composite/S-Video to VGA converter supports full audio pass through via your PC speakers or headphones and switches from PC to game display with the push of a button - the adapter even works when the computer is powered off!

A versatile video solution, the Composite/S-Video to VGA converter is also a great way to connect VCRs, DVD players and camcorders to your monitor.

Backed by StarTech.com's 2-year warranty.

Certifications, Reports and Compatibility

Applications

• Connects any commercial game console or VCR/DVD to a VGA monitor

Features

- Convenient push-button switching between game display and PC display
- Supports composite (RCA) and S-video input
- Also allows VCRs, DVDs and video cameras to connect to monitor
- Compatible anywhere in the world, with automatic NTSC and PAL video signals detection
- Includes all necessary cables for instant out of the box set up
- Superior video resolution - 1280 x 1024 @ 60Hz
- Easy one-time plug and play set up requires no drivers
- Audio pass through with amplified (active) speakers

Hardware

Warranty	2 Years
Active or Passive Adapter	Active
