StorCase TECHNOLOGY
A Kingston Technology Company
Safest Place for Your Data-

Data Express DE75

For removable drive applications

Product Description:

The Data Express DE75 is a steel constructed rugged and reliable internal storage enclosure. It supports SCSI Ultra160 or IDE ATA/133 hard drives for removable applications.

Drive Interfaces Supported:

Ultra ATA/133 IDE, 68-pin and 80-pin SCSI Wide Ultra160 (downward-compatible)

Color:

Black or white

Device Sizes Supported:

3.5" Low-profile

Construction:

Steel

Applications:

PCI RAID; Software RAID; Drive Swapping / Transporting; Security; Backup; Testing; Audio/Video Editing

Product Benefits:

• Rugged construction – drive is protected in the event of physical trauma.

• Highly rated mating connectors support up to 25K insertions (2K on 80-pin models).

• “Soft Start” circuitry assures data integrity by eliminating in-rush current during spin-up and avoiding power arching during insertion.

• Key lock functions as a locking device for security purposes and/or as an on-off switch.

• Exceeds rotational vibration and heat dissipation requirements of today’s high-speed drives.

Features:

• Field-upgradable bus isolator board option (most models)

• Key lock/power on-off

• Anti-static device protection

• Cableless drive connector

• Connector alignment pins

• Unit select indicator

• Front panel drive ID indicator

• Drive activity indicator
