VIEW ONLINE

The TS-4010-19 is an IP69K rated computer designed to be placed in pharmaceutical or food and beverage industry environments. This waterproof PC can withstand airborne particles and washdowns with hot water and high pressure sprays. The TS-4010-19 is manufactured with industrial grade components and has connectors made with M12 anti-corrosion metal. The Intel quad core processer is designed to work with software frequently used in the food and beverage industries such as ERP software and other software types where consistent live tracking of data is needed. The TS-4010-19 has a fully flush screen, a very thin profile. The I/Os are tucked neatly under the enclosure which reduces cord management space needed. The TS-4010-19 provides you with a clear, elegant computer hardware solution in dirty and rugged environments.
