

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

TEMCo Euro Standard Transformer TT1103 - 1.5 kVA

SKU: TT1103

Weight: 54.00 LBS

Width: 10.00 (in)

Height: 11.00 (in)

Depth: 16.00 (in)

Product Description

Specifications

Output Amps at:	
380V	2.28
400V	2.17
415V	2.09

TEMCo Euro Standard transformers are used to convert standard 3 phase US voltages to standard European voltages. This is useful when importing European Machinery into the U.S. Additionally, these transformers are rated for either 50Hz or 60Hz, allowing them be connected in reverse to convert European voltages to U.S. voltages when importing U.S. machinery into Europe. Either way, these transformers are built to last, guaranteed. That's why we back these with a decade long warranty.

Don't have floor space to mount your TEMCo Euro-Standard transformer? No problem! Heavy duty wall mounting brackets are supplied on all Euro-Standard transformers up to 45 kVA. For larger units, take advantage of the weather shields included with every unit and mount your Euro-Standard transformer outside. Save your valuable floor space for your machinery instead of cluttering it with electrical equipment.

Connections are made simple with TEMCo Euro-Standard transformers. Multiple taps are provided on the output for 380, 400, or 415 V Wye configured outputs. All your input and output connections can be made via the provided fast connection lugs. Rigid GPO-3 fiberglass primary buss strut ensures that connections remain secure through the life of the installation.

Specifications

Bil Rating Kv:	4
Temperature Rise:	NA
Insulation System:	155
Manufacturer:	TEMCo
Enclosure Rating:	NEMA 1
Input Voltage:	208
Output Voltage:	380/400/415
Enclosure Material:	Steel
UL Listed:	NO
CSA Approved:	NO
Transformer Type:	Isolation
Phase:	Three
Kva:	1.5
Winding Material:	Copper
Primary Configuration:	Delta
Secondary Configuration:	Wye
Reverse Connectable:	NO
Electrostatically Shielded:	NO
Construction Style:	Enclosed (Ventilated Core & Coil)
Cooling:	NA
Connection Type:	Lugs / Bolt-down terminals
Frequency Hz:	60
K Rating:	1
Mounting Type:	NA
Sound Level db:	Less than 40 dB

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
