Bullet™ GPS Antenna

GPS Antenna for Rugged Environments

Trimble's Bullet™ GPS Antenna provides a perfect solution for manufacturers who need a fixed-sight, rooftop GPS antenna. It is housed in leak tested packaging designed to withstand continuous exposure to shock, excessive vibration, extreme temperatures, water and sunlight. For added reliability, the antenna cable can be threaded through a pole mount to keep it safe from environmental damage.

The Bullet GPS Antenna includes advanced filtering technology for reliable performance in hostile RF jamming environments. This antenna is also a high-quality solution for adding GPS data to marine navigation systems.

Datasheet - Bullet™ GPS Antenna

Ordering Information | **Support**

Find your local sales contact to buy the Bullet GPS Antenna, using the part numbers below.

Ordering Information

Part Number	Description
57860-20	Bullet antenna, 5V, TNC connector
57860-30	Bullet antenna, 5V, F connector
57861-20	Bullet antenna, 3V, TNC connector
