AudioMate 360 Family

An affordable line of IP gateways for Unified Group Communications

VoiceInterop introduces the AM360 line of IP audio gateways that allows you to bring all your various communications networks into one unified group. Patch together iDEN subscribers with conventional VHF or UHF 2-way LMR repeaters. Pick up a telephone and immediately be heard across public address speakers on a large campus as well as on a property protection talkgroup on your trunked radio system.

AM360a for Audio Devices

- Small 2-way LMR remote control console
- Public address announcements over a large campus
- Monitor broadcast and weather receivers, iPOD or CD players on your AudioMate Communicators

AM360i for iDEN Networks

- Operates on Nextel or private iDEN systems
- Direct Connect™ inbound and outbound
- Group call inbound and outbound
- AudioMate Communicator™ soft consoles let you patch to trunked or conventional 2-way LMR systems via the rest of the AM360 family of IP gateways
- iDEN modem permits backhaul of data, such as GPS coordinates from the built-in GPS sensor or external SCADA monitors

AM360r for 2-way LMR Systems

- Interfaces easily with repeaters, control stations, and remote control consoles
- Configure active high or low PTT and COS via web browser
- Configure Tx audio pre-emphasis and Rx audio de-emphasis via web browser
- Balanced E&M and single-ended audio interfaces

Patent pending.

AudioMate and AM360 are trademarks of VoiceInterop. iDEN is a trademark of Motorola, Inc. Other trademarks are those of their respective holders.
