

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

OUTPUT VOLTAGE TABLE SQM SERIES

The SQM INTERNATIONAL SERIES" switchers offer a family of seven highly versatile models ranging from 150 watts to 350 watts in continuous output power. ln addition to their constant output power rating all units feature higher peak power capabilities to accommodate initial "turn-on/spinup" loads required by various computer peripherals such as m multiple disc drive, tape drive, and printer applications. Up to five outputs are available on the SQM 355 and SQM 205 models.

The "SQM INTERNATIONAL SERIES" features state-of-the-art feed forward designs while utilizing the proven dependability and economy of bipolar switching technology.

All units are equipped with primary circuit protection to guard against accidental application of 230V when configured for 115V operation.

SQM SERIES OUTPUT VOLTAGE TABLE
